

LOCAL AND GENERAL NEWS.

The public await the deliberations of to-day's Councils with considerable interest.

Mr. A. T. Atkinson has the congratulation of THE INDEPENDENT on his new position as a grandpapa.

The estate of the late Kate Field has been valued at \$14,000. The liabilities have not yet been ascertained.

The Miowera will sail from Honolulu on the 28th inst., and consequently Minister Cooper will be among us a few days more.

The Australia will arrive in port early on Monday morning. Hawaii's favorite steamer has been scrapped and is ready to make a record breaking time.

He took the bottle from the board, its label closely scanned, and said, as he the beer outpoured, "That's 'Rainier'—and its grand."

On tap or in bottles at the Criterion Saloon.

The Kinshu Maru of the Nippon Yusen Kaisha's line is due here on the 28th from the Orient en route to Seattle, Washington. She is consigned to W. G. Irwin & Co.

The weather appears unpropitious for the ball game to-morrow. As it is so fickle, perhaps, if they come, this afternoon, the Wailuku boys may so rule the planets as to stay the Stars.

For those exquisite Ceylon hand-made laces, for precious stones, beautiful handiwork in gold, silver, ebony, tiger claws and Malacca canes, call upon R. C. Jayasuriya at 87 King street.

The P. C. A.'s puzzle No. 8 was even simpler and easier than No. 5; and yet friend Weedon was the first to discover it. Probably the many others were afraid to obtain the doubtful notoriety.

The Cousin's Society will meet to-morrow night at the old Bingham premises. It is sincerely hoped that the venerable building will bear the weight and that the neighboring buildings will not tumble down.

The band will play at Minister Cooper's residence at 8:30 to-morrow morning to bid him farewell. Of course the tunes will be all San Diego and American with the exception of the "Old Hundredth."

The Royal Annex has received a sample invoice of the Hofbrau beer which is now served on draught. The Hofbrau is somewhat heavier than the Pabst Lager and will suit the palates of connoisseurs in beer.

The Myrtles will entertain their friends at a dance this evening at their club house. The affair will be one of the events of the season and no efforts or expenses have been neglected in making the dance a grand success.

The social at the Y. M. C. A. hall last evening was deservedly successful. Such gatherings deserve encouragement as they prove the beneficial work being done by the Association as remedied. It will soon prove a most efficient factor in good doing.

The old Velocity has lost its skipper, and the familiar face of Capt. Martin will never more be seen in this, or any other, harbor, except the haven of rest. Like his old ship, in which he sailed for so many years, he was staunch and true to his friends.

Hermann Horn is successfully assisting Mrs. Horn at the Pioneer Confectionery and Bakery on Hotel street. This house is renowned for its fancy work in cakes, pies, breads, candies, and all that pertains to the highest style of art and perfection in this line.

Tell it not in Gath nor publish it in Askelon (being Bryan man we must quote), but we understand that James Dodd, T. B. Murray, and President Dole are to have those three haughty flagpoles. The present to the President is a secret, and kept as all other Hawaiian secrets are.

We are informed that, for reasons unnecessary to explain, the Australian cricketers were not entertained formally by our local cricketers, but enjoyed themselves in their own way. Sans Souci had most of them, over twenty from the ship visiting that resort. Cavill, the swimmer, enjoyed himself in his own way but safely reached the steamer.

There are very few seats left for the Trovatore. The singing and the orchestra are nearly perfect, and those who are not there will miss a musical treat. The acoustic arrangement of the new theatre is such that you can hear equally well from every seat in the house. Tickets for "Jane" and the "Frawley" season are being subscribed for every day.

U. S. Consul-General E. Mills and wife will return by the Australia.

The Hawaiian Hardware Company is stating some plain "timely topics" in this issue.

The Empire Saloon is being remodelled. It is said that Howe intends to have billiard parlors there.

Several members of the Road Club are riding their wheels on the sidewalks, contrary to law. Look out Georgie!

The Merchants' Exchange is making some long needed improvements in a most important part of the premises.

The Pacific Tennis Club met this afternoon. The club ought to devise ways and means to regulate the weather and stop the rain during the afternoon.

As P. O'Sullivan of the Criterion was riding into town this morning on a horse, he was shot in the breast by a Chinaman carelessly firing his rice gun across the road. The injuries are not severe and the Pake was arrested.

Colonel Geo. W. Macfarlane has bought a "sea-monster" which he intends to present to the Bishop Museum. The "monster" is not to be confounded with the Hawaiian steamer Aztec, which is also the property of the Colonel, but which he hardly will present to Professor Brigham.

LATE FOREIGN NEWS.

Left for New York.

LONDON, ENG., Oct. 14.—Sir Julian Pauncefote, British Ambassador to the United States, accompanied by his wife and daughters, left Euston Station for Liverpool this morning, en route to New York. Many of the friends of the Ambassador and his family were at the station to see them off.

Thirty Thousand People Homeless.

New York, Oct. 13.—Zimmerman & Foreshay, bankers, are asking aid for the sufferers from fire that wiped out half of the city of Guayaquil, Ecuador, which they describe as the only artery of communication between that country and the United States. Having sent a message to Jose Arcarbo Aguirre, Governor of the province, asking whether assistance was required, the firm received the following response: "In the name of the Government and people of Ecuador, I thank you for your offer, and if any assistance can be given by the New York Stock Exchange it will be gratefully received on behalf of the sufferers."

"The fire destroyed totally more than one-half of the city, including the richest and finest part. The losses aggregate more than 100,000,000 pesos, and more than 30,000 persons are homeless and without bread."

Those Buffalos

We must again remind the public that if the Buffalos of the American Continent are now principally to be found on reservations alone, there is still a Buffalo or two left on exhibition in Honolulu. Of course, we refer to the Buffalo beer just introduced at the Royal Annex, the Royal, Pacific and Cosmopolitan Saloons. It will be found extremely palatable and up to the most refined taste. The system of interchangeable checks still continues, and those issued for the celebrated Pabst are equally valid. Taste and see how good it is.

New Departure

THE UNDERSIGNED beg to announce that from and after

Thursday Night, Oct. 1, 1896

THE UNRIVALED
ST. LOUIS BEER

Will be served ON DRAUGHT at the

Hawaiian Hotel.

To meet the times and competition, it will be furnished at

12 1-2 cts. Per Glass

We quote from letter of the Anheuser-Busch Brewing Association, dated August 8th:

"Your honorable firm having represented us for so many years we believe it useless to call your attention to the merits of our article, but we should like to repeat again and call your attention to the fact that ours is THE ONLY PURE BARLEY MALT BEER MANUFACTURED, and corn cerealine and other adulterants as well as acids, for the preservation of beer, are unknown in our establishment. With the above you may go before the public in our name."

No encomium of ours can add to the high reputation of Anheuser Beer. Its introduction in any and every market makes it an immediate favorite. It stands without a peer, without a rival, without even a competitor. It received the highest awards at the Columbian Exposition. The reduction of the draught Beer to the prevailing price of

12 1/2 CENTS PER GLASS,

places it within the reach of all, and he is a wise man who gets the best quality for the least money.
